

## Use X-DOS on DOC

2003-10-24

There is a special procedure when you want X-DOS and DOC work together.

1. Connect the DOC and Floppy on ICOP SBCs, and make sure you boot sequence in BIOS is A: then C:
2. Put a bootable MS-DOS floppy disk inside the Floppy then boot
3. Format the DOC with system files ( A:> format c: )
4. Take away the MS-DOS floppy disk
5. Put the X-DOS floppy disk inside
6. Transfer the X-DOS system files to DOC ( A:>sys c: )
7. Then the computer will ask you if you want to delete the old system files, please type "D" to delete old system files.
8. Take away the X-DOS floppy disk from Floppy, the boot again
9. Now you have a bootable DOC with X-DOS
